**Fine Craftsmanship.
Solid Engineering.**

That's what makes a quality Loading Dock Leveler. For more than forty years, industry has depended on PIONEER to get the job done. Safely. Dependably. And on time.

Our broad range of solid, reliable Dock Levelers and accessories is built to last and built to serve. Built to keep businesses running safely, smoothly, and on schedule every day.

At PIONEER Dock Equipment, we're working hard to provide the solid, rugged products that industry demands, and the dependability customers need.

Quality We Stand Behind.

Rugged. Dependable. PIONEER

Fine Craftsmanship.

SMART+™ Versa Panel

* **SMART+™** Versa Panel picture shown with optional Emergency Stop.

**HDH Series
(Heavy Duty)**

HP Series

Single panel fully integrates the controls for the dock leveler, the truck restraint, and the overhead door. Improves productivity and eliminates dock worker confusion by combining all these operations in one location. Ensures proper sequential operation of dock equipment thereby enhancing safety.

(Extension Spring)

Edge-of-Dock Levelers

Mechanical, Barlift, and Hydraulic

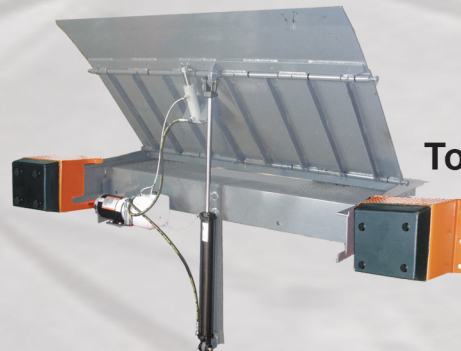

Rugged, Edge-of-Dock Levelers are available in standard capacities up to 30,000 lbs. (BL Series up to 40,000 lbs.) in 66", 72", 78" & 84" widths. All models are available with or without bump blocks.

BLE/EDE (Extension Spring) Series Edge-of-Dock Levelers are available in capacities of 20,000 lbs., 25,000 lbs., and 30,000 lbs. in 66" or 72" widths.

"Long-Lasting. Fine crafted PIONEER Levelers offer maximum deck strength and durability to help eliminate deck failure. Our rugged structural channels have a "39% greater capacity to resist elastic bending moments" than other industry-accepted designs."

HED Series

Hydraulic
Top-of-Dock Levelers

Versatile Hydraulic Top-of-Dock Levelers are perfect for retrofit situations where there is not an existing pit, and working range requirements exceed those provided by Edge-of-Dock Levelers.

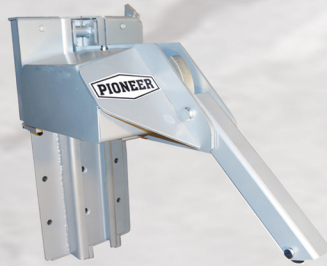

"Easy to Operate. Our simple, straightforward design means few moving parts-making operation easy, while reducing the cost of maintenance and repair!"

"Safe. Dependable PIONEER products put safety first, providing maintenance struts as a standard feature on ALL Pit Levelers."

Truck Restraints

■ Automatic and Mechanical

Sturdy, low-profile PIONEER Truck Restraints bolt to dock face and ground, providing a restraining force up to 50,000 lbs. Competitively priced and easy to install, our restraints make safety simple and affordable.
